Macron 4 The Planet

MACRON 4 THE PLANET is the series of initiatives that make up the company's efforts to promote greater environmental sustainability. All the areas of the company will be affected by this decision to go 'green', from the production and distribution all the way to encouraging virtuous behaviour by all stakeholders. One of the core initiatives is the production of jerseys for some professional clubs in Eco Fabric, 100% of which comes from recycled plastic and has been certified by the Global Recycled Standard. Each jersey produced represents the equivalent of 13 half litre plastic bottles being recycled. Efforts have also been made in optimising and modifying the materials used in packaging by making significant reduction in paper usage and utilising 100% certified recycled plastic for polybags.

MACRON 4 THE PLANET è il progetto che sintetizza l'impegno dell'azienda per una maggiore sostenibilità ambientale. La scelta green si traduce in una serie di attività e best practice che coinvolgono tutte le aree dell'azienda, dalla produzione, alla distribuzione, alla pratica di atteggiamenti virtuosi da parte di tutti gli stakeholder. In questo ambito, per alcuni club professionistici, Macron ha iniziato la produzione di maglie in Eco Fabric, tessuto poliestere in 100% PET riciclato, certificato Global Recycled Standard. Per ogni maglia prodotta vengono riciclate 13 bottiglie da 0,5lt. L'impegno green si realizza anche nell'ottimizzazione e nelle modifiche del packaging dei prodotti attraverso una sensibile riduzione della carta e nella realizzazione di polybag in materiale 100% riciclato e certificato.

Special construction that guarantees an excellent grip over the entire surface of the palm.

Particolare costruzione che garantisce al guanto un ottimo grip su tutta la superficie del palmo.

Special construction of the inner palm of the glove, which, thanks to the advanced 3D shape of the HQ Latex, increases grip, control, sensitivity and stability. This advantage is perceived both in the palm and the finger area.

Speciale costruzione del palmo interno del guanto che grazie all'evoluta forma 3D del HQ Latex consente di ottenere maggiore aderenza, controllo, sensibilità e stabilità. indossando il guanto si percepisce immediatamente questo plus sia nella zona del palmo che delle dita.

The goalkeeper rule is simple: the softer the latex, the better the grip. Therefore we suggest a proper use of the gloves in order to guarantee a longer durability.

La regola del portiere è semplice: più soffice è il latex, migliore è la presa. Consigliamo quindi un utilizzo attento per garantire una maggiore durata del guanto.

INFLATION INSTRUCTIONS

1		Before inflating unfold the ball with bothhands working it so that the ball becomes softer. <i>Prima di gonfiare aprire la palla con entrambe le mani lavorando in modo che la palla diventi più morbida.</i>
2		Once unfolded ensure the bladder is positioned in the centre of the ball. <i>Una volta aperto il pallone assicurarsi che la camera d'aria sia posizionata al centro della palla.</i>
3		Before inflating moisten needle. <i>Prima di gonfiare inumidire l'ago.</i>
4		Insert the needle halfway into the valve and begin to inflate thus opening the bladder and avoiding punctures. <i>Inserire l'ago per metà della sua lunghezza e gonfiare la palla in modo da aprire la camera d'aria evitando così di bucarla.</i>
5		Once the bladder is open, completely insert the needle into the valve with care. Inflate the ball to the recommended pressure - 0.6 To 0.8 Bar <i>Una volta aperta la camera d'aria inserire completamente l'ago prestando attenzione. Gonfiare la palla con la pressione raccomandata tra 0.6 A 0.8 Bar</i>
6		When using in frosty weather ensure the ball is completely dry before use. <i>Quando si utilizza la palla in condizioni invernali assicurarsi che sia completamente asciutta prima dell'uso.</i>

Washing instructions

These size charts have been developed on the basis of years of experience and can be used as a guideline when buying Macron Products. All products are made to meet the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those intended to tackle heavy stains and avoid products containing bleach. Macron cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture. On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product / technical changes (design, color, function and material) if, according to our opinion, they can improve the product. We do not accept any responsibility for printing errors in the catalogue.

Questa tabella taglie è stata sviluppata in base ad anni di esperienza e può essere utilizzata come linea guida al momento dell'acquisto degli articoli Macron. I prodotti sono realizzati secondo alti standard qualitativi e sono soggetti a rigide procedure di controllo qualità. L'indumento potrebbe comunque scolorire per via di sostanze come fango ed erba, linimento o olio e naturalmente sudore, le quali potrebbero non essere completamente rimosse tramite il lavaggio dell'indumento. L'estensione della decolorazione potrà essere ridotta bagnando e/o lavando l'indumento in acqua e detersivo subito dopo il suo utilizzo, utilizzando almeno lo stesso volume d'acqua pari all'indumento trattato. Seguire sempre le istruzioni dei produttori di detersivo, in particolare quelle rivolte alla rimozione di macchie, ed evitare l'utilizzo di prodotti contenenti candeggina. Macron non si ritiene responsabile dell'eventuale decolorazione o del danno subito dal capo, a causa di macchie dovute ad elementi estranei a quelli utilizzati in fase di produzione. Vi informiamo che in fase di riproduzione fotografica e di stampa potrebbero riscontrarsi alcune differenze di colore tra foto e prodotto originale. Ci riserviamo il diritto di poter effettuare dei cambiamenti di prodotto/tecnici (design, colore, funzione e materiale), in caso questi possano secondo il nostro parere apportare un miglioramento nel prodotto. Decliniamo qualsiasi responsabilità relativamente a errori di stampa del catalogo.
